The Office of Experiential Education at Gettysburg College

Register at:

www.StrawberryHill.org

Over, under, around, and through...
a twisted trail run to challenge you!

Strawberry Hill Nature Preserve & Gettysburg College are teaming up for the **3rd Annual Twisted Turkey Trail Tussle** on November 17, 2012, a twisted trail run over, under, around, and through the foothills of the Preserve and Michaux State Forest.

Strawberry Hill is a non-profit environmental education center protecting over 600 acres of the Swamp Creek Watershed in the foothills of the South Mountain Range. Funds raised will:

- help protect the Swamp Creek Watershed, a high quality cold-water stream,
- sustain the education programs provided at the Preserve to local school children, and
- support Gettysburg College's Office of Experiential Education's mission to help prepare college students to become active environmental leaders
